

BI-PARTISAN OR NON-PARTISAN

People Will Soon Decide.

Church Crowd and Jack Mormons Will Nominate the Former.

On Wednesday Night, However, a Genuine American School Board Will Be Named.

CONVENTION CALLED FOR GRAND THEATER

A MASS convention is here-by called to meet in the Grand theater on Wednesday, November 23, 1904, at 8 p. m. for the purpose of nominating members of the Board of Education for Salt Lake City. There will be one candidate nominated for each of the First, Second, Third and Fifth municipal wards. All persons who voted the American party ticket at the recent general election, or who sympathize with its principle of non-sectarianism in the public schools are invited to be present and to participate in the deliberations of the convention.

GEORGE L. NYE, Chairman American Party.
A. C. REESE, Secretary.

The liberal-minded voters of Salt Lake will get together next Wednesday evening at the Grand theater to nominate candidates in each of the five municipal wards for members of the school board. It will be the first organized effort to keep the schools out of the control of the ecclesiastics of the Mormon church. It will be such a meeting as the good men and women of Salt Lake who believe in the purity of the schools will feel an interest in attending. And they will be present—hundreds of them. They are fully alive to the importance of the great issue. They know that the so-called "non-partisan" conventions were hatched by the priesthood and first advocated by

the polygamous editor of the official organ of the priesthood. They know it is the suggestion of the Deseret News that the Republicans and Democrats get together on a "non-partisan" basis. And the committees are getting together, and as political parties are calling "non-partisan" conventions to nominate what they have been led to call "non-partisan" candidates.

Non-partisan is a good word in its place. But it is wholly inapplicable to such a movement. Instead of a "non-partisan" movement it is aggressively and aggressively bi-partisan.

A bi-partisan convention in each of the five wards will nominate candidates approved by the leaders of the church tomorrow night. Not a man will be named who is not directly or indirectly under control of the priesthood or the commercialists of the church. Not one Wednesday night at the Grand a real non-partisan ticket will be named. It will be nominated and supported without party lines. It is a representative ticket and it will be elected.

The need of a united effort to take the schools from the rule of the church and to keep them there was never better understood nor more important than now. The people are awake to their duty. The Grand theater should be and will be packed Wednesday night.

The names of several prominent Salt Lake citizens have been mentioned as eligible and agreeable persons from which to make up a representative Board of Education.

Among those talked of most frequently are Stephen Hayes, H. V. Van Pelt, E. O. Leathers and J. J. Corum from the First. Mr. Hayes is a Democrat. The others are Republicans. Mr. Corum was once a member of the board and is a respected citizen. Messrs. Hayes, Van Pelt and Leathers are among Salt Lake's aggressive citizens.

From the Second, G. R. Cleveland, J. N. Courtney and J. R. Walker are mentioned. All are Republicans and rank with the city's most progressive men.

J. D. Hagerman, W. J. Burdette and S. P. Fenton, all Republicans, are talked of for the Third. It is conceded that either would make an admirable member of the board.

In the Fourth the names talked of by the citizens of that ward are W. P. Colton, Republican; J. C. Leary, Democrat; and Thomas Weir, Republican. They are intelligent business men, either of whom, if on the board, would be of great value to the schools of Salt Lake.

Mon. P. L. Williams, Democrat, George W. Parks, Democrat and W. A. Nelson, Republican, are prominently talked of for the Fifth. Mr. Nelson is now a member of the board and his term expires with the election of his successor. All are representative men.

Those who have seen the list published here will be surprised to find that the men as these would help to bring the schools from under the criticism of the church and that there could be no good cause to say that either would use his office to the base designs of politics or to discriminate against any one or any class.

These are the best types of the citizenship of Salt Lake and it is hoped a ticket can be made up next Wednesday evening at the Grand theater out of such an admirable list.

Fred W. Price and Ben D. Luce have issued a call for a "non-partisan" convention at the Sixth ward meeting-house for Monday evening to nominate a "non-partisan" candidate for the Board of Education. Similar meetings are provided for by other non-partisans for the same evening at other such "non-partisan" and "non-partisan" meeting places. James H. Haslam and George A. Davis sign that for the Third precinct and Julian Riley and B. W. Maycock for the First precinct.

George D. Stringfellow, the Democratic candidate for the Legislature from Wayne county, was found to have defeated William H. Morrill, Republican, by four votes. Dr. W. W. Cook, Republican, was elected to the Legislature from the same county. This gives the Democrats three lonely places in the House to forty-two Republicans.

W. D. Neal, who served his church on a mission in Europe, announces himself as a candidate for the school board in the Third ward.

One of the members of the Second ward "non-partisan" committee has given it out that the nominee for the school board for the Second precinct "must be a Mormon."

Ask why, he said, "Oh, well, you don't know, do you?"

WILLING TO SELL SHIPS. Argentina and Chile, However, Will Not Violate Neutrality.

LONDON, Nov. 19.—The Japanese diplomatic representative in Europe, at the request of Tokyo, have made inquiries into the report that Russia is acquiring a new fleet from Chile and Argentina. The Tokyo Government was recently informed that Chile and Argentina, between them, had sold or optioned to Colombia six or seven war vessels which Colombia intends to turn over to Russia.

Inquiries carried on here and in South America by Japanese agents have elicited an emphatic denial from both Chile and Argentina. "These Governments are said to have stated that they are anxious to sell certain vessels, but not at the risk of being heavily mulcted for breach of neutrality."

Despite the official denials which have been transmitted to Tokyo, more than one Japanese diplomat in Europe is apprehensive that in some way or other these half-dozen war vessels may shortly pass under the control of Russia. Japanese independent inquiries confirm the published statement that an American house is concerned in negotiations looking to such acquisition on the part of Russia.

Mother Loses Life to Save Her Child

Both Are Caught on a Bridge, Mother Is Killed, Child Loses Leg.

Special to The Tribune. IDAHO FALLS, Ida., Nov. 19.—The morning passenger train coming south, when two miles north of Market lake, struck a woman, Mrs. Pennington, and her daughter, aged 4 years. The mother was so severely injured that she died on route here. The little girl lost her left leg near the hip and was otherwise cut and bruised.

Both Struck by Train. Mrs. Pennington was walking along the track, coming to town, and was near a bridge as the train was approaching. The little girl ran on the bridge in an attempt to rescue her mother. The mother, seeing the child was in danger, in a heroic but futile endeavor to save the child, rushed ahead of the train, and both were struck and hurled from the track.

Placed in Baggage Car. The train was stopped and the wounded picked up, placed in the baggage-car and made as comfortable as possible. Drs. LaRue and Bridges, the company surgeons here, were ordered to meet the train on its arrival, which they did.

The body of the dead mother was removed and the injuries of the child dressed and Dr. Bridges amputated the leg. The child was taken to the hospital and the mother's body was buried in the cemetery.

Husband Absent From Home. The husband of Mrs. Pennington is in the Lost River country, but has been sent home by the company. He has relatives in the vicinity of Menan.

DRANK CUP OF POISON. Woman Commits Suicide as Body of Friend Was Placed in Ground.

CHICAGO, Nov. 19.—Miss E. G. Sterling, of Denver, killed herself this afternoon in her apartments in the Hotel Vendome by drinking a cup of poison. At the same time the body of C. A. Parker, of Cincinnati, a friend of Miss Sterling, was being interred in St. Louis and it is thought that she planned to end her life at the hour when the body of her friend was lowered into the grave.

Mr. Parker, who was vice-president of the Cincinnati, Hamilton & Dayton railroad, was in Chicago ten days ago and during his stay in this city was a frequent caller at the home of Miss Sterling. He left for Cincinnati last Saturday and on Wednesday dropped dead at his desk in that city.

There were reports that his death was self-sought, but the verdict of the coroner's jury was that he died from natural causes.

From the time of the receipt of the death of Mr. Parker, Miss Sterling was prostrated, refused to leave her room, and would allow none of her most intimate friends to see her. Miss Sterling and her mother, with whom she was living at the Vendome, are wealthy and came to this country from Germany a few years ago. They made their home in Denver, where they became acquainted with Mr. Parker, who formerly resided there. He at one time was vice-president of the Colorado Fuel & Iron company.

DUE TO HEART FAILURE. Cause of Death of Charles A. Parker Finally Determined.

CINCINNATI, Nov. 19.—Charles A. Parker, second vice-president of the Cincinnati, Hamilton & Dayton and the Pere Marquette system, dropped dead in his office here last Wednesday. There was some talk at first as to the cause of his death, but after an investigation, coroner Weaver rendered a verdict that death was due to heart failure.

Mr. Parker came here from Denver, October 1, to accept the position which he held at the time of his death. He was stopping at the Gibson house with his wife, but at the time of his death Mrs. Parker was visiting relatives in St. Louis. Mrs. Parker returned to this city and accompanied the body of her husband to St. Louis.

Besides his widow, Mr. Parker leaves a married daughter living in St. Joseph, Mo. A son committed suicide about six months ago in St. Louis.

Thousands of Women Have Kidney Trouble and Never Suspect It.

Almost every one, from personal experience, knows that the effects of any kind of severe physical strain are felt, first of all, in the small of the back—in other words, in the Vital Organs, the Kidneys. This is as true in the case of the very powerful as it is with one of less strength, and it is especially true whenever the kidneys are weak or out of order.

The Great Kidney Remedy, Swamp-Root, strengthens the kidneys and through them helps all the other organs.

WOMEN suffer untold misery because the nature of their disease is not always correctly understood; in many cases when doctoring, they are led to believe that womb trouble or female weakness of some sort is responsible for their ills, when in fact disordered kidneys are the chief cause of their distressing trouble.

Perhaps you suffer almost continually with pain in the back, bearing-down feelings, headache and utter exhaustion. Your poor health makes you nervous, irritable and at times despondent. But thousands of just such suffering or broken-down women are being restored to health and strength every day by the use of that wonderful discovery, Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

Not only does Swamp-Root bring new life and activity to the kidneys, the cause of the trouble, but by strengthening the kidneys it acts as a general tonic and food for the entire constitution.

Swamp-Root a Blessing to Women. My kidneys and bladder gave me great trouble for over two months, and I suffered untold misery. I became weak, emaciated and very much run-down. I had great difficulty in retaining my urine and was obliged to pass water very often night and day. After I had used a sample bottle of Dr. Kilmer's Swamp-Root, sent me on my request, I experienced relief and I immediately bought of my druggist two large bottles and continued taking it regularly. I am pleased to say that Swamp-Root cured me entirely. I can now stand on my feet all day without any bad symptoms whatever. Swamp-Root has proved a blessing to me. Gratefully yours, MRS. E. JAPS MAKE NIGHT ATTACK. Forced Back by the Russians With Considerable Loss.

FUNDATION VILLAGE, Nov. 19.—On the night of November 17 four companies of unmounted volunteers were sent into the Japanese positions. They reached Chuan Linza, where they were met with a heavy rifle fire, and were forced to retire. At 3 o'clock in the morning the Russians discovered a column of Japanese creeping down a hill. They attacked a grove forming a part of the Russian frontmost position on the right side of the Japanese advance without firing and rushed the grove with hurrahs, but in the face of the fire from the Russian trenches they turned and fled.

After some time the Japanese repeated the attack, but again were repulsed. After the second attack the Japanese, breaking up into small groups, began to retire. They were followed by a well-aimed fire which continued until dawn.

Near the trenches, eighty Japanese corpses were found, and farther along in the valley were visible Japanese bodies which it was impossible to gather in view of the Japanese fire. Four Japanese were made prisoners and thirty rifles and a quantity of ammunition abandoned on the field were taken by the Russians.

On the morning of November 18 Russian batteries bombarded Chuan Linza where Japanese entrenchments were observed, and at 8 o'clock an artillery engagement took place with the Japanese forces. The Russian losses were four killed and two wounded, and, judging from bodies seen and articles thrown away, the Japanese losses were several hundred.

Stolen While in Transit. The circus played in Greenville yesterday and arrived in Tarboro this morning over the Atlantic Coast line. No Clue to Robbers. STRIKE COMES TO END. Furniture Teamsters in Chicago Will Return to Work.

CHICAGO, Nov. 19.—The strike of the furniture teamsters came to an end tonight, the employers and drivers having reached an agreement. The agreement signed tonight is for a period of eighteen months.

KAISER VISITS KIEL. Arguments Regarding Las Vegas Postoffice Heard by Court.

WASHINGTON, Nov. 19.—Justice Barnard of the Supreme court of the District of Columbia today heard arguments in the case of the people of the town of Las Vegas, the county seat of San Miguel County, New Mexico, against the Postmaster-General, in which the former seek to compel the re-establishment of a postoffice there. The action, which was recently fought out in the Postoffice department, grew out of the discontinuance of the postoffice. It consolidated with the "city" of Las Vegas and the establishment of a free delivery system in both places. It was claimed today that what is known as the town is the older part of the community and is inhabited largely by Mexicans who are not satisfied with the change, even though under the new system their mails are delivered at their doors. The court reserved decision.

DECISION IS RESERVED.

BERLIN, Nov. 19.—Emperor William, while swearing recruits at Potsdam two or three days ago, called the regimental commanders to him and made a speech on the frequent misdeeds of soldiers. It is only when soldiers are treated well that they can fulfill their duties faithfully and cheerfully."

This occurred about a year ago, and I have never had the slightest trouble since."—Estelle Blanchard, 1133 Columbus avenue, New Orleans, La., April 18, 04.
